International Journal of Eating Disorders

Subject Index to Volume 18

ADOLESCENCE

Body mass index as an estimate of body fat, Hannan et al., 91

Development and validation of body rating scales for adolescent females, Sherman et al., 327

Development of body image, eating disturbance, and general psychological functioning in female adolescents: Covariance structure modeling and longitudinal investigations, Thompson et al., 221

Ethnic/racial and socioeconomic differences in dieting behaviors and body image perceptions in adolescents, Story et al., 173

AGING

Concerns about aging and a drive for thinness: A factor in the biopsychosocial model of eating disorders?, Gupta, 351

AGORAPHOBIA

The impact of stress, fear of fatness, and panic disorder with agoraphobia on eating disorder symptomatology: A case study, Chesler, 195

ALEXITHYMIA

Feelings and fantasy in eating disorders: A factor analysis of the Toronto Alexithymia Scale, Troop et al., 151

ANOREXIA NERVOSA

Anorexia by proxy: Are the children of anorexic mothers an at-risk group?, Scourfield, 371

Anorexia nervosa and schizophrenia in a male Chinese, Cheung and Wilder-Smith, 103

Cognitive style of patients with anorexia nervosa and bulimia nervosa, Kaye et al., 287

Obsessive-compulsive disorder, trichotillomania, and anorexia nervosa: A case report, Pryor et al., 375

Olfactory dysfunction in anorexia and bulimia nervosa, Fedoroff et al., 71

The incidence and prevalence of anorexia nervosa in three suburban health districts in South West London, U.K., Rooney et al., 299

Total body potassium and serum potassium among eating disorder patients, Powers et al., 269

ATHLETES

Weight loss, psychological, and nutritional patterns in competitive male body builders, Andersen RE, et al., 49

ATTENTIONAL BIAS

Stroop interference and food intake, Overduin et al., 277

BINGE EATING

An age-matched comparison of subjects with binge eating disorder and bulimia nervosa, Raymond et al., 135

Binge eating disorder in a community-based sample of successful

International Journal of Eating Disorders, Vol. 18, No. 4, 389–394 (1995)
© 1995 by John Wiley & Sons, Inc.
CCC 0276–3478/95/040389-06

and unsuccessful dieters, Ferguson and Spitzer, 167

Binge eating disorder, retention, and dropout in an adult obesity program, Ho et al., 291

Fasting and postprandial cerebrospinal fluid glucose concentrations in healthy women and in an obese binge eater, Geracioti et al., 365

Interrupting the binge-purge cycle in bulimia: The use of planned binges, Steel et al., 199

Nocturnal eating in binge eating disorder and matched-weight controls, Greeno et al., 343

Prevalence of binge eating disorder in different populations of French women, Basdevant et al., 309

The emotional eating scale: The development of a measure to assess coping with negative affect by eating, Arnow et al., 79

Weight loss, psychological, and nutritional patterns in competitive male body builders, Andersen RE, et al., 49

BODY COMPOSITION

Total body potassium and serum potassium among eating disorder patients, Powers et al., 269

BODY IMAGE

Development and validation of body rating scales for adolescent females, Sherman et al., 327

Development of body image, eating disturbance, and general psychological functioning in female adolescents: Covariance structure modeling and longitudinal investigations, Thompson et al., 221

Perfectionism traits and perfectionistic self-presentation in eating disorder attitudes, characteristics, and symptoms, Hewitt et al., 317

BODY MASS INDEX (BMI)

Body mass index as an estimate of body fat, Hannan et al., 91

BODY PROPORTIONS

Distorting reality for children: Body size proportions of Barbie and Ken dolls, Brownell and Napolitano, 295

BODY SIZE

Body size and parenting in eating disorders: A comparative study of the attitudes of mothers towards their children, Evans and le Grange, 39

BONE MINERAL DENSITY

Bone mineral density of eating disorder subgroups, Andersen AE, et al., 335

BULIMIA NERVOSA

An age-matched comparison of subjects with binge eating disorder and bulimia nervosa, Raymond et al., 135

Bulimia nervosa: 5-year social outcome and relationship to eating pathology, Reiss and Johnson-Sabine, 127

Cognitive style of patients with anorexia nervosa and bulimia nervosa, Kaye et al., 287

Co-occurrence of ego function change and symptomatic change in bulimia nervosa: A six-year interview-based study, Sohlberg and Norring, 13

Coping and depression in bulimia nervosa, Tobin and Griffing, 359

Interrupting the binge-purge cycle in bulimia: The use of planned binges, Steel et al., 199

Olfactory dysfunction in anorexia and bulimia nervosa, Fedoroff et al., 71

Processing of threat-related information by women with bulimic eating attitudes, Waller et al., 189

Reported sexual abuse and eating psychopathology: A review of the evidence for a causal link, Everill and Waller, 1

The impact of stress, fear of fatness, and panic disorder with agoraphobia on eating disorder symptomatology: A case study, Chesler, 195

CHILDREN

Distorting reality for children: Body size proportions of Barbie and Ken dolls, Brownell and Napolitano, 295

CHINESE MALES

Anorexia nervosa and schizophrenia in a male Chinese, Cheung and Wilder-Smith, 103

COGNITIVE STYLES

Cognitive style of patients with anorexia nervosa and bulimia nervosa, Kaye et al., 287

COLLEGE STUDENTS

Abnormal eating and dissociative experiences: A further study of college women, Valdiserri and Kihlstrom, 145

COVARIANCE STRUCTURE MODELING

Development of body image, eating disturbance, and general psychological functioning in female adolescents: Covariance structure modeling and longitudinal investigations, Thompson et al., 221

DEPRESSION

Coping and depression in bulimia nervosa, Tobin and Griffing, 359

Obsessive-compulsive disorder, trichotillomania, and anorexia nervosa: A case report, Pryor et al., 375

DIETARY HELPLESSNESS

Dietary helplessness and disinhibition in weight cyclers and maintainers, Carmody et al., 247

DISINHIBITION

Dietary helplessness and disinhibition in weight cyclers and maintainers, Carmody et al., 247

DISSOCIATIVE SYMPTOMATOLOGY

Assessing dissociative symptoms in eating disordered patients: Construct validation of two self-report measures, Gleaves and Eberenz, 99

EATING DISORDER INVENTORY

Abnormal eating and dissociative experiences: A further study of college women, Valdiserri and Kihlstrom, 145

EATING DISORDER INVENTORY (EDI)

Co-occurrence of ego function change and symptomatic change in bulimia nervosa: A six-year interview-based study, Sohlberg and Norring, 13

EATING-DISORDERED (ED) PROBANDS

Controlled study of eating concerns and psychopathological traits in relatives of eating-disordered probands: Do familial traits exist?, Steiger et al., 107

EGO FUNCTION CHANGE

Co-occurrence of ego function change and symptomatic change in bulimia nervosa: A six-year interview-based study, Sohlberg and Norring, 13

EMOTIONAL EATING SCALE (EES)

The emotional eating scale: The development of a measure to assess coping with negative affect by eating, Arnow et al., 79

ETHNIC/RACIAL DIFFERENCES

Ethnic/racial and socioeconomic differences in dieting behaviors and body image perceptions in adolescents, Story et al., 173

FAMILIES

Controlled study of eating concerns and psychopathological traits in relatives of eating-disordered probands: Do familial traits exist?, Steiger et al., 107

FOOD RESTRICTION

The impact of stress, fear of fatness, and panic disorder with agoraphobia on eating disorder symptomatology: A case study, Chesler, 195

GLUCOSE CONCENTRATIONS

Fasting and postprandial cerebrospinal fluid glucose concentrations in healthy women and in an obese binge eater, Geracioti et al., 365

LAXATIVES

Co-occurrence of ego function change and symptomatic change in bulimia nervosa: A six-year interview-based study, Sohlberg and Norring, 13

LONGITUDINAL ANALYSES

Development of body image, eating disturbance, and general psychological functioning in female adolescents: Covariance structure modeling and longitudinal investigations, Thompson et al., 221

MALE BODY BUILDERS

Weight loss, psychological, and nutritional patterns in competitive male body builders, Andersen RE, et al., 49

MALE BODYBUILDERS

Body image and steroid use in male bodybuilders, Blouin and Goldfield, 159

MATERNAL ANOREXIA

Anorexia by proxy: Are the children of anorexic mothers an at-risk group?, Scourfield, 371

NOCTURNAL EATING

Nocturnal eating in binge eating disorder and matched-weight controls, Greeno et al., 343

NORWAY

General population-based epidemiological study of eating disorders in Norway, Götestam and Agras, 119

OBESITY

Binge eating disorder, retention, and dropout in an adult obesity program, Ho et al., 291

Fasting and postprandial cerebrospinal fluid glucose concentrations in healthy women and in an obese binge eater, Geracioti et al., 365

OBSESSIVE-COMPULSIVE DISORDER

Obsessive-compulsive disorder, trichotillomania, and anorexia nervosa: A case report, Pryor et al., 375

OLFACTORY DYSFUNCTION

Olfactory dysfunction in anorexia and bulimia nervosa, Fedoroff et al., 71

PARENTING

Body size and parenting in eating disorders: A comparative study of the attitudes of mothers towards their children, Evans and le Grange, 39

PERFECTIONISM

Perfectionism traits and perfectionistic self-presentation in eating disorder attitudes, characteristics, and symptoms, Hewitt et al., 317

PREADOLESCENCE

Drive for thinness in black and white preadolescent girls, Striegel-Moore et al., 59

PSYCHIATRIC PATIENTS

An epidemiological study of eating disorders in Norwegian psychiatric institutions, Götestam et al., 263

PSYCHOPATHOLOGY

Abnormal eating and dissociative experiences: A further study of college women, Valdiserri and Kihlstrom, 145

RACIAL DIFFERENCES

Drive for thinness in black and white preadolescent girls, Striegel-Moore et al., 59

RESEARCH LITERATURE

The spectrum of eating disturbances, Shisslak et al., 209

SCHIZOPHRENIA

Anorexia nervosa and schizophrenia in a male Chinese, Cheung and Wilder-Smith, 103

SEXUAL ABUSE

Reported sexual abuse and eating psychopathology: A review of the evidence for a causal link, Everill and Waller, 1

SOCIAL FUNCTIONING

Bulimia nervosa: 5-year social outcome and relationship to eating pathology, Reiss and Johnson-Sabine, 127

SOCIOCULTURAL FACTORS

Sociocultural influences on eating attitudes and behaviors, body image, and psychological functioning: A comparison of African-American, Asian-American, and Caucasian college women, Akan and Grilo, 181

SOCIOECONOMIC DIFFERENCES

Ethnic/racial and socioeconomic differences in dieting behaviors and body image perceptions in adolescents, Story et al., 173

STEROIDS

Body image and steroid use in male bodybuilders, Blouin and Goldfield, 159

STROOP TASK

Stroop interference and food intake, Overduin et al., 277

SYMPTOMATOLOGICAL CHANGES

Changing symptomatology in eating disorders, Ash and Piazza, 27

SYMPTOMATOLOGY

The Yale-Brown-Cornell eating disorder scale: A new scale to assess eating disorder symptomatology, Sunday et al., 237

THREAT-RELATED INFORMATION

Processing of threat-related information by women with bulimic eating attitudes, Waller et al., 189

TORONTO ALEXITHYMIA SCALE

Feelings and fantasy in eating disorders: A factor analysis of the Toronto Alexithymia Scale, Troop et al., 151

TRICHOTILLOMANIA

Obsessive-compulsive disorder, trichotillomania, and anorexia nervosa: A case report, Pryor et al., 375

VITAMIN ABNORMALITIES

Vitamin status of eating disorder patients: Relationship to clinical indices and effect of treatment, Rock and Vasantharajan, 257

WEIGHT CYCLING

Binge eating disorder in a community-based sample of successful and unsuccessful dieters, Ferguson and Spitzer, 167

WEIGHT REDUCTION PROGRAM

Binge eating disorder, retention, and dropout in an adult obesity program, Ho et al., 291

YALE-BROWN-CORNELL EATING DISORDER SCALE

The Yale-Brown-Cornell eating disorder scale: A new scale to assess eating disorder symptomatology, Sunday et al., 237
